- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

### **Abstract of Proposed Collection**

The purpose of the DS-5528 is to document the evacuation of persons from abroad when their lives are endangered by war, civil unrest, or natural disaster; document issuance of a crisis evacuation loan; obtain a Privacy Act Waiver to share information about the welfare of a U.S. citizen or U.S. lawful permanent resident consistent with the Privacy Act of 1974; and, to facilitate debt collection.

### **Methodology**

An electronic version of the Evacuee Manifest and Promissory Note was created by U.S. Department of State, allowing applicants to type their information into the form, print it, and present it to a consular officer at the evacuation point. The Department anticipates that continued software development will provide the capability to electronically submit signed loan applications for adjudication. Due to the potential for serious conditions during crisis events that often affect electronic and internet infrastructure systems, the electronic form will not replace the paper form. Rather, the

paper form will still be maintained and used in the event that applicants are unable to submit forms electronically.
